

**IMPORTANT PROOFS.**  
Of the efficacy of Dr. Harlick's Celebrated Medi-  
cines.

The following certificate was sent by Mr. E. B. Hieman, agent at Cincinnati, Ohio. There can be no mistake in it, as the parties are well known.

Mr. Ezekiel Rigdon, of Anderson town-ship, Hamilton county, Ohio, was several days troubled with bilious affections, acidity of the stomach, attended with the usual symptoms of dyspepsia, and having made trial of various medicines without finding relief, was cured by the above named medicine.

YET LATER.—Mr. Vance, of Washington county, writes as follows—Dear Sir—Dr. Harlick's pills are performing some of the most wonderful cures in this vicinity ever heard of. They were introduced here about six months ago, by one of my neighbors, who bought a half dozen packages from the Pittsburg office. I am aware of four cases in this place where complete cures have been performed, one of severe rheumatism, two of dyspepsia, and one of a most shocking and aggravated nervous complaint, of ten or twelve years standing. I send you enclosed five dollars; please to forward pills for that amount by the bearer, William Ward.

N. B. The above certificates, compared with the very many already received, certainly must convince those similarly afflicted, that they can yet be relieved by the use of these invaluable medicines.

**DYSPEPSIA! DYSPEPSIA!**  
That troublesome and protracted disease, —Thousands and tens of thousands suffer from that most distressing complaint. *Dyspepsia* is frequently excited by overloading or distending the stomach by excessive eating or drinking—injurious and acid substances taken into the stomach, or from long continued constipation of the bowels, a sedentary life, fear, grief, anxiety, a copious draft of cold water, *dra de purgative medicines*, dysentery, miscarriage, intermittent and spasmodic affections of the stomach and bowels, irregular meals, late hours, and too frequent use of spirituous liquors.

The symptoms of *dyspepsia* may be described as a want of appetite, or an unnatural or voracious one, nausea and sometimes a bilious vomiting, sudden and transient distensions of the stomach after eating, acid and putrescent eructations, water brash, pain in the region of the stomach, a swollen and palpitation of the heart, dizziness and dimness of the sight, disturbed rest, tremors, mental depression, flatulency, spasms, nervous irritability, chilliness, salivaceous complexion, great oppression after eating, languor and general debility, sick head aches, &c.

**CURE**—At the head of all remedies stands Dr. HARLICK'S COMPOUND STRENGTHENING TONIC AND GERMAN APERIENT PILLS, which act greatly upon the peristaltic motion of the bowels, thereby producing regularity of the bowels, at the same time improving the functions of the debilitated organs, thus invigorating and restoring the digestive organs to a healthy action. This medicine seldom fails in producing relief.

Full and explicit directions accompany the above medicine. Likewise a pamphlet which describes diseases, the manner of treating, &c.

**FEMALE.**  
WHO are troubled with sick headache, pain in the side, breast, and back, loss of appetite, flatulency, lowness of spirits, palpitation of the heart, faintings or giddiness, sickness at the stomach, bilious affections, tightness at the chest, nausea, vomiting, noise in the stomach, flushings of heat, or chilliness, diseases of the nerves, and organs of digestion, &c. &c., those who may be thus afflicted, should not neglect to procure Dr. Harlick's Compound Strengthening Tonic and German Aperient Pills, which are warranted to give immediate relief. Thousands of us almost daily behold, who are countenances pale, emaciated cheeks, bear peculiar witness to sickness and affliction. Could the persons be persuaded to use this invaluable medicine, they would soon find their weak and debilitated frames strengthened, their minds composed, and all pain and distress driven from the system, when the body will again receive its lost vigor, and put on a new life, and death for a while be deplored as it were a distant and fearful specter.

**SICKNES.**  
THERE are many cases that we daily behold, whose countenances are full of affliction, which we find principally originated from neglect of proper remedies at the commencement of sickness. At first the patient complains of a pain in the stomach attended with sickness, *colic*, &c. he neglects to procure proper medicine, as he is not well acquainted with the nature of the complaint, and a remedy with a purgative effect, the appetite becomes impaired, his rest is troubled, his mind harassed, and all things around him appear not in their proper station. He still neglects himself, who in all probability the disease may at length be so far advanced, that no medical aid will replace him again. At the first attack of sickness there should be "no time lost" in procuring Dr. Harlick's COMPOUND STRENGTHENING TONIC AND GERMAN APERIENT PILLS, which immediately remove the cause of the complaint, obviate constipation, remove disorders in the head, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination; thus restoring the body again to its proper functions.

**TO THE AFFLICTED.**  
THOSE who are suffering from various diseases incident to the human family, would do well to procure Dr. Harlick's Compound Strengthening and German Aperient Pills, which are so prominently recommended for Dyspepsia, Liver Complaints, Pains in the side, back and breast, Nervous Affections, Head-ache, and all the diseases of the Stomach and Bowels. Pamphlets may be obtained gratis, which contain full and explicit directions for using. **MORE POSITIVE PROOF**  
Of the efficacy of Dr. Harlick's Compound  
Strengthening and German Aperient Pills.

ALLEGHENY, Jan. 8, 1840.

To Dr. Harlick's Agent—Sir: I wish to state for the benefit of the public who may be afflicted, that Dr. HARLICK'S PILLS have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used various medicines, the Aperient and Strengthening, and I am constrained to say, that they are of a valuable character, in fact upon the system mildly, but very effectually. I found the Tonic pills to quicken the circulation and cause a determination to the surface, next to strengthen the weak stomach and increase its powers. The Aperient pills are the best cathartic I ever used. I am confident all Dyspepsia would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.

**LIVER COMPLAINT.**  
THIS disease is discovered by a fixed obtuse pain in the right side under the short ribs, attended with heat, uneasiness about the pit of the stomach; there is in the right side also a distension; the patient loses his appetite, and becomes sick and troubled with vomiting. The tongue becomes rough and black, the countenance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty of breathing, disturbed rest, attended with a dry cough, difficulty of laying on the left side, the body becomes weak, and finally the disease terminates into an her of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Harlick's Compound Strengthening Tonic and German Aperient Pills, it is taken in the common sense principle, and it will check it, and by continuing the use of the medicine a few weeks, a perfect cure will be performed. Thousands can testify to this fact.

Certificates of many persons say daily be seen of the efficacy of this invaluable medicine, by applying at the Medical Office, No. 19, NORTH EIGHTH STREET, Philadelphia.  
HENRY YOXTHEIMER, Agent.  
October 24, 1840.

**PRINCIPAL REASONS**  
Why Dr. HARLICK'S Compound Strengthening and German Aperient Pills are used by all classes of people, in preference to other Medicines, because they are prepared from a pure extract of herbs, a wholesome medicine, mild in its operation and pleasant in its effect—the most certain preserver of health, a safe and effectual cure of Dyspepsia or Indigestion, and all stomach complaints, a restorer and purifier of the whole system.

Because they soothe the nerves of sensibility, a ider the force of motion, imparting to their mass a subtle fluid its genuine tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels, as all strong purgatives do. Because science and experience teach us that no mere purgative alone will cure the disease of the stomach and nerves. Weakness is the primary cause of a host of diseases, and by continually resorting to *Drastic purgatives*, you make the disease much worse, instead of better.

Because Dr. Harlick's Medicines are put up upon the common sense principle, as "science and strength," which is the only course to pursue to effect a cure.—Lastly, Because these Medicines really do cure the disease for which they are recommended. Principal Office for the United States, is at No. 19 North Eighth street, Philadelphia.

**TRUTH WILL PREVAIL.**

Dr. Harlick's medicines are daily increasing in public favor, and want from any but a fair trial to establish their worth. We have a communication in our columns to-day from a person long afflicted, which is but one of many vouchers for this medicine.—*Spirit of the Times.*

**BOSTON NOTION,**  
THE LARGEST AND CHEAPEST NEWS-PAPER IN THE WORLD.

THE spirit of the age is utilitarian. Improvement is stamped upon the face of every thing. All the useful arts are progressing with unparalleled rapidity, and the Art of Printing is coming in for its full share of the common improvement. Determined not to be outdone in any thing that pertains to his profession, where there is a fair chance for exertion and enterprise, the undersigned has determined upon issuing a sheet twice the size of the Boston Weekly Times, (and is to take the place of that paper,) and will contain eight columns more matter than the Brother Jonathan. This sheet will be called the BOSTON NOTION, and it is determined that it shall sustain a vigorous and full of meaning, and so intertwined with the established character of our Yankee city. It will be the LARGEST NEWSPAPER IN THE WORLD—no exception—and will be printed on a sheet thirty-seven by fifty-two inches. It will be filled entirely with reading matter, and will contain Three Thousand Eight Hundred and Eighty Eight square inches of Type—seven square feet of print in length, and a single number will contain more reading than an ordinary book of Three Hundred pages. These dimensions will enable the publisher to draw largely upon the most popular periodicals of the day, both American and Foreign; and as the selections will be made with great care, it is believed this paper will be a welcome notice to every family. Besides a full synopsis of the current news of the day, as published in the Boston Daily Times, it will contain Poetry, Popular Tales, Theatrical Criticisms, Police and other Court Reports, Humorous Articles, &c. &c.

The whole world of Literature will be ransacked to fill it. From the study of the philosopher down to the police courts, through all regions of reason, poetry, romance, wit, and the ample record of folly, we shall glean from the past and the present, and from all nations, to present as pleasing and useful a combination of recorded thought and current history, as the world can supply or industry produce. This is our "Boston Notion."

This great amount of wit and fun—and wit and philosophy—of novelties and antiquities—we are able to offer weekly for six cents per copy, only six cents; and we can do it because of the facilities of our press and office, and the connection of daily and weekly publications. For THREE CENTS we can sell a year's volume, equal in quantity of matter, with every variety also, to Fifty-two Volumes of Novels, such as are issued from the press of this day. Fifty-two large Volumes for Three Dollars! Effected all by improved machinery, and by a determination that we will not be outdone in enterprise and usefulness.

TERMS—THREE DOLLARS a year, always in advance—no orders, no matter from what source, will be attended to unless accompanied with the CASH. Single copies six cents each.

Post-Masters or others remitting Twenty Dollars shall have Eight copies sent to such persons and places as they may designate.

GEORGE ROBERTS, Publisher.

**The Philadelphia Casket.**  
UNPARALLELED SUCCESS!

**PROSPECTUS OF A NEW VOLUME.**—The great increase in the subscription list of the Casket since the first of the year, warrants the most extensive improvements on the first of July next—at which time a new volume will be commenced with increased vigor. Nothing need be said of the firm basis on which the Casket stands, it being already the oldest magazine in the country.

**TYPE—EMBELLISHMENTS.**  
The Casket is printed with a clear and silvery type, upon the finest white paper. The illustrations are not surpassed by those of any periodical at home or abroad; and beside the monthly steel engravings, a quarterly plate of colored fashions has lately been added. The style of these embellishments is unequalled, and they are always accompanied with an appropriate sketch. No wood cuts disgrace the work. Whatever appears in the casket is of the first order of the art.

**LITERARY CHARACTERS.**  
The literary character of the Casket is well known. It is wholly original, of the highest order, and sustained by WRITERS OF THE FIRST RANK. Essays, Tales, Sketches, and Travels, compose its prominent prose articles; while the poetry is equalled by that of no other magazine of like character. The variety for which the Casket is celebrated, shall suffer no diminution; but on the contrary, every exertion shall be made to increase its interest.

**SEVERAL ROMANCES OF THE REVOLUTION** have already appeared, and others shall follow in the course of the volume, presenting when finished, a complete picture of the manners, and a historical account of the great battles at that time. Thus, the Casket, instead of being filled with sickly sentimentalities, aims at a true delineation of human nature in every variety of passion.

**TIME OF PUBLICATION.**  
The Casket is published on the first of the month in every quarter of the Union. The most distant subscribers consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities agents have been established, by which means subscribers can obtain their copies free of postage.

**FASHIONS.**  
The fashions are published in the Casket quarterly, or as often as any really new styles arrive from Paris. The engravings are colored, and executed from original designs. No odd, worn out plates are retouched and then published as the latest fashions. The truth of our designs may be tested by comparing them with the latest description of dress as from London and Paris.

**TERMS**—THREE DOLLARS per annum, or two copies for FIVE DOLLARS. Published by GEO. R. GRAHAM, 36 Carter's Alley, Philad.

**PROSPECTUS**  
OF THE  
JOURNAL OF THE AMERICAN SILK SOCIETY,  
AND RURAL ECONOMIST.

EDITED BY GEORGE R. SMITH.

THIS Journal was established by the American Silk Society, for the purpose of diffusing practical information on the CULTURE OF SILK in the United States. It has now been published one year, and may be considered a work of standard character.

The first year's publication, comprising the first volume, contains a mass of valuable information, and it will be the object of the editor to make the second equal in all respects, if not superior, to the first. The important fact is now established beyond any question, that the people of the United States can make silk cheaper and better than any other nation upon earth. It has been proved by unimpeachable testimony, that the entire cost of producing silk ready for market, does not exceed TWO DOLLARS AND TWENTY FIVE CENTS PER POUND; and its lowest value is FOUR DOLLARS AND FIFTY CENTS; also, that ONE ACRE of ground planted in morus multicaulis, will produce the first year the trees are planted, FORTY-THREE POUNDS OF SILK, leaving a clear profit to the producer of ONE HUNDRED AND EIGHT DOLLARS! It has also been proved that the children and families of farmers' families can, with the greatest ease, produce from fifty to a hundred pounds of silk every year, after the trees are planted; and therefore, that the whole amount of silk will be so much clear gain, from \$225 to \$450. With these facts we submit to an intelligent people whether it is not a great and important object for them to introduce the culture of silk in every farmer's family in the Union. To enable all our farmers to make silk, the JOURNAL OF THE AMERICAN SILK SOCIETY was established; it contains plain practical directions for cultivating THE TREES, FEEDING AND REARING SILK WORMS, REELING THE SILK, and PREPARING IT FOR MARKET, &c. enables all other information that can be required to enable any person to enter upon the business, either on a large or small scale. Every friend of his country, into whose hands this paper may fall, will be doing a patriotic and philanthropic work by inducing his friends and neighbors to enter their names upon the list of subscribers.

The Journal of the American Society is published monthly, in pamphlet form; each number contains thirty-two octavo pages, printed on new type and handsome paper, with a printed colored cover.

TERMS—Two dollars a year, or six copies for ten dollars. Always to be paid before the work is sent. All subscriptions to begin with the first number of the year, and in no case will the work be sent to any subscriber longer than it shall have been paid for.

**WORKS OF NATURE.**  
IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their quality; and to keep up the comparison of the river, so long as it runs smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humoral fluid (serosity) in the intestinal tubes, and serosity takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and the e of its tributary stream. With the body, follow the same natural principle; remove by that valuable purgative medicine *Brandreth's Universal Vegetable Pills*, which are an effectual assistance of nature, the superabundance of humors in the intestinal canal. By evering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly established. Remember, never suffer a drop of blood to be taken from you—Evacuate the humors as often and as long as they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH STREET, where his pills can be had at 25 cents per box, with full directions.

Only agent in Sunbury, is H. B. Mauer Esq., Sunbury, Sept. 9, 1840.

**ASTONISHING INCREASE.**  
FOUR THOUSAND NEW SUBSCRIBERS  
IN TWO MONTHS!!!

When we first purchased the old and well known establishment of the

**Saturday Evening Post,**

we stated that the paper circulated so widely among the steady reading portion of the United States, that we entered upon our labors with full confidence of the future. Our success has since been beyond our most sanguine expectation, as our weekly receipts overbalance those of any contemporary paper. Our list has continued to swell up with unexampled rapidity, and we have the confidence, that at the present rate of increase, we shall be enabled in a few months to best of more than 35,000 subscribers! When we commenced our labors, we announced distinctly, that the tone of the paper should be decidedly moral, and that nothing should be admitted into our columns, which the most fastidious father could disapprove of, and determined that as an approved Family Paper, it should not contain a paragraph, with the spirit of which a parent would not wish to have a daughter familiar, and we therefore, with this view, announced that no theatrical notices should appear in our columns, and that we should be opposed to theatres as things calculated to injure the healthy action of an honest mind,—as creative of exhibitions demoralizing in tendency, and fearfully pernicious in fact. There were not wanting blusters, who made a great parade of opposition, and Croakers, who predicted our speedy downfall, but we threw ourselves upon the sober, rational and experienced opinion of the people of the United States for support, and we have been truly sustained.

We thought and expressed the opinion, that however excessive money might be upon this subject, that few, even if they did not entirely disapprove of such public documents as may be deemed of interest to all, and such a history of the progress of political events, as are strictly in keeping with our duty, and the character of the paper, we shall studiously and thoroughly avoid any contamination of party politics.

The paper is now printed in a new and beautiful type,—has received the praise of many editors of taste, as the handsomest family sheet in the Union. Our efforts have been directed to the combining of beauty and simplicity with utility and taste.

The Post is printed on a stout white paper, rendering it neat and durable for filing.

In addition to these efforts toward perfection in the mechanical department, and exterior of our paper, no labor, and no cost been spared in the development of intellectual strength. The present variety of interesting tales, original, from foreign and domestic magazines, together with the valuable contributions of our own circle of literary friends will continue to give interest to the paper, while everything important and worthy of note that happens in the Old World or the New, shall be collected and collated for the taste of our readers.

The Ladies Department shall always be choice and select, and shall receive strict attention, while such things as may interest our juvenile readers, and that important and large class of our readers, the Farmer will not be overlooked. In order to gratify, as much as possible, the laudible desire of our country readers, a portion of our attention will be devoted to the collection and diffusion of such News, Memoranda, Tables, Facts, Hints, &c. as may seem important to agriculturists, and the population resident without the confines of our great State. The state of the markets and the fluctuations in the prices, will be regularly and what is of more moment, correctly given.

We have ever been opposed to the constant bluster and parade made by some editors, about the excellence of their papers, and have resolved that the Saturday Evening Post, shall be conducted, as to speak for itself.

Our readers will always find in its columns the earliest and most authentic information, as well as the most choice and entertaining literary matter. We have totally discarded the system of filling the paper with quick advertisements, but prefer giving our readers from week to week, entertaining reading matter.

And we feel assured that we shall be no losers thereby, as but few readers care about having a paper filled with descriptions of these nauseating compounds.

The Saturday Evening Post, will be furnished for \$2 per annum in advance, or one copy three cents per copy. To those who wish to subscribe for a Philadelphia Magazine, we will furnish a copy of the Philadelphia Casket, and two copies of the Post for one year for \$5 free of postage and discount.

No New Subscriber received without the Money.

To those who wish to subscribe, we would say, that the safest plan is to enclose the money in a letter and direct to us. Most postmasters will frank their letters if relating to nothing but the business of the office, and all postmasters who will be kind enough so to do, we shall be pleased to acknowledge us agents.

**THE NEW WORLD.**  
THE LARGEST, CHEAPEST, HANDSOMEST, AND MOST COMPREHENSIVE NEWSPAPER IN THE UNITED STATES.

EDITED BY PARK BENJAMIN AND ERES SARGENT.

WITH multiplied resources for rendering the New World more valuable than ever as a comprehensive newspaper and repository of elegant literature, we enter upon the second volume (folio) on the 24th of October, dressed in a beautiful garb of new type, cast expressly for the purpose. It will therefore be a fitting time to commence new subscriptions, as well as for the renewal of those which may then expire.

During the first year of the existence of the New World, it has acquired a reputation and circulation superior to any weekly paper in the country; and has furnished to its subscribers, during that period, (besides a full current news of the day, domestic and foreign) new and valuable works by Talford, D'Israeli, Thomas Moore, Miss Mitford, Mrs. Jameson, C. Dickens, Ainsworth, Knowles, Bulwer, Marryat, and others—works, which in London could not be purchased for fifty times the amount of the subscription price of the New World. In addition to works of interest by these eminent authors, it has contained the cream of the periodical literature of the day, as well as original articles from the pens of some of the most popular writers of America, among whom we may mention Miss Sedgwick, Orville Dewey, Professor Longfellow, the author of "Yankee Notions," Simms, Street, &c. &c.

In politics we shall, as hitherto, maintain an armed neutrality.—Our columns as heretofore will be unimpeachable in a moral point of view. In criticism we shall, in justice to the public, maintain a perfect independence, even though we incur the vengeance of all the dunce. We shall, in conclusion, earnestly strive to render our sheet not only worthy of the unparalleled favour it has experienced, but of a continually extending circulation. While we continue to furnish with all possible promptitude the most attractive literature of the day, we shall, as our means enlarge, afford that compensation to our subscribers, which may induce them to make the New World the medium for presenting to the public their best productions. Our excellent London correspondence will be continued, and the attention will be paid to the commercial, agricultural and news departments of our paper.

**The Brother Jonathan.**

THE largest and most beautiful newspaper in the world—larger by fifty square inches than any other newspaper in the United States. Published Saturdays, at 162 Nassau street, New York. Price three dollars a year—two copies for five dollars.

The proprietors of this mammoth sheet—the "Great Western" among the newspapers—have the pleasure of addressing the reading public a new kly periodical containing a greater amount and variety of useful and interesting miscellany, than is to be found in any similar publication in the world.

Each number of the paper contains as large an amount of reading matter as is found in volumes of ordinary duodecimo, which cost \$2—and more than is contained in a volume of Irving's Columbus or Bancroft's History of America, which cost \$3 a volume—and all for Three Dollars a year. For \$5 two copies will be forwarded one year, or one copy two years.

Since the publication of our original prospectus, the Brother Jonathan has been ENLARGED and its size, amply before, has been so much increased, that more than the former quantity of the most interesting literature of the day is embraced in its immense capacity. Selectors of the most prominent and celebrated writers of the day assist in swelling its contents; and whatever is new, rich, or rare, is immediately transferred to its columns. All the contributions to periodicals of American writers of repute appear in its pages; and the issues of the foreign press are laid under contributions, as soon as received in this country. To the miscellaneous and Literary Department, the closest attention is paid; and in all the selections and original contributions, strict care is devoted to avoid all that may touch upon the opinions of any party in religion or politics.

Experience having taught us that we had marked out a path for ourselves, in which all sorts of people delight to follow, the Brother Jonathan shall continue, as it began, to be a bold, gentle, weighty, light, grave, merry, serious, witty, smooth, dashing, interesting, inspired, and incomparable newspaper. It shall be a stupendous mirror wherein all the world will stann reflected. It shall contain the most beautiful of Novels, Romances and Stories for both sexes—Fairy Tales for lovers of the marvellous—Legends for antiquaries—Pamphlets for wit-mongers—Notes and raaisins for short-winded readers—Sermons for musical lovers—Statistics for politicians—and Lectures, Sermons, Criticisms, Epigrams, &c. &c. for all the world. Letters should be addressed to

**GODEY'S LADY'S BOOK.**

*Poets*.—Miss Mary R. Mitford, Miss C. H. Waterman, Eliza Earle, Miss H. F. Gould, Mrs. Sigourney, Mrs. F. S. Osgood, Mrs. C. Baron Wilson, Wm. Cutler, James T. Brady, Isaac C. Roy, J. S. Dussler, James Montgomery, Miss Juliet H. Lewis, Miss A. D. Woodbridge.

*Novelists*.—H. W. Herlet, Professor Ingraham, Richard Penn Smith, W. Lanlor.

*Writers of Tales*.—Mrs. S. B. Smith, Mrs. Emma C. Embury, Mrs. Caroline L. Heintz, Mrs. Mary H. Parsons, Miss A. M. F. Buchanan, Mrs. H. Beecher Stowe, Mrs. M. St. Leon Loud, Mrs. S. Smith.

Of the above eminent writers, celebrated in our own, and most of them well known in other countries, each have had an article either in the January or February number of the Book. It is unnecessary for us to say that no such array of names can be shown by any other magazine in this country, of any price.

We give three times as many embellishments as any other magazine, and each plate is equal, if not superior to the one of any cotemporary, and yet the price of the magazine is not increased. Our edition is immense, therefore we are enabled to go to a greater expense than any other publisher. A better return may therefore be expected for the price paid for subscription.

In the two numbers just published we have given four Plates of Fashions, containing eleven Figures. One beautiful specimen of Lace work. One splendid Steel Plate beyond compare, the best line engraving ever published in an American Magazine. A new emblematic cover.

In addition to our usual well arranged embellishments, we always publish steel plate pages twice a year.

The whole amount of engravings and embellishments of various kinds that the book contains, or will contain this year, may be estimated at about sixty.

A new series of papers of great value has been lately commenced by Mrs. Hale. "The Domestic Department." This during the year will compose a great amount of useful matter.

For enterprise at least, we think we deserve some credit; we have been the first to give to an American public original articles from the pens of Mary Russell Mitford, author of "Our Village"—Mrs. C. Baron Wilson, author of *London La Belle Assemblée*, Mrs. Holland, author of several useful and valuable works;—James Montgomery, author of "Omnipotence of the Deity," &c.; Thomas Miller, author of *Fair Rosamond* and *Raymond Gower*—Elizabeth T. Elliott, author of *Corn Law Rhymes*.
